About Chelsea Academy

Our School: Chelsea Academy is an independent, coeducational, college-preparatory school founded in 2008. The school offers a rigorous curriculum in addition to extracurricular programs in art, music, drama, athletics, and outdoor adventure. Our first senior class graduated in May 2012.

Community: Located in Virginia's Shenandoah Valley, Chelsea serves families from eight neighboring counties as well as students from Asia, Latin America, and Europe. Students and their families come from a broad range of educational and socioeconomic backgrounds. The school welcomes students of all beliefs. While not all Chelsea students are Catholic, all students learn about the Catholic faith.

Student Body: There are currently 168 students enrolled at Chelsea: 85 students in grades 9-12 and 83 in grades 4-8. There are 27 students in the class of 2019.

Faculty: The Chelsea faculty is comprised of 16 full-time and 4 part-time faculty members; more than half of the faculty hold advanced degrees.

Accreditation: Chelsea is accredited by the Virginia Independent School Association.

Head of School: Bernardine Clark

College Counselor:

Joseph G. Selner

CEEB Code: 470906

Our Mission

Chelsea Academy seeks to form confident young men and women educated in the liberal arts tradition and the Catholic faith. Chelsea is committed to promoting and cultivating in its students the life of the mind and a love of truth; an appreciation for the natural world and the heritage of human achievement; enduring friendships; a spirit of adventure; and the virtues of honesty, charity, diligence, courage, and personal responsibility. Through an ethos shaped by Catholic teaching and devotions and a balanced curriculum that includes the humanities, math, science, athletics, and the arts, Chelsea helps students grow into young adults committed to and capable of making positive contributions to their families, places of work, and communities.

Curriculum

Chelsea offers a college-preparatory curriculum in the liberal arts and sciences. Students may take honors courses in English, history, math, science, Latin, and French. The course sequence and small classes lend themselves to cross-curricular research, active student participation, and close collaboration among students and teachers. All seniors complete a thesis.

Graduation Requirements

- Four years of English
- Four years of mathematics
- Four years of history
- Four years of science, including Biology, Chemistry, and Physics
- Three years of Latin, French, or a combination of the two, including second-year proficiency in either language
- Four years of religion
- One year of fine art
- Senior thesis and presentation
- Participation on an interscholastic sports team each year in grades 9-11

Senior Thesis

All seniors write a thesis that allows them to explore a topic of their choice and write a substantial paper based on their research. An interdisciplinary approach is encouraged, and all students choose and work with a faculty advisor. The project culminates in a formal presentation among faculty, peers, and parents. Recent topics have included the nuclear arms race during the Cold War, the ballet *Romeo and Juliet*, the bioethics of gene therapy, and the short stories of Flannery O'Connor.

Grading, GPA, and Class Rank

Chelsea's grading system is designed to reflect student achievement; the school actively resists the tendency towards grade inflation. We serve students with a range of interests and abilities. Our small size and 1:11 faculty-student ratio enable us to challenge those students who are able to progress more quickly and to provide individualized academic reinforcement to those students who need it.

Chelsea operates on a two-semester system with cumulative semester and final exams in December and May. Grades are scored on a ten-point scale: A (93-100), A- (90-92), B+ (87-89), B (83-86), B- (80-82), C+ (77-79), C (73-76), C- (70-72), D+ (67-69), D (63-66), D- (60-62), F (0-59).

Grade Point Averages have been calculated on a 4.0 unweighted scale. Starting in 2015-16 Chelsea introduced honors courses into the curriculum. These include: honors-level English, history, and science, as well as Advanced Math, foreign languages at level IV or higher, U.S. Government and Politics, and Comparative Politics. The honors classes have been weighted with an extra half point added to the GPA. GPAs are calculated at the end of each semester and averaged at the end of each year. Chelsea does not rank students.

GPA for the Classes of 2012-2018

	SAT Verbal	SAT Math	SAT Writing	TOTAL	Average Chelsea GPA	
					Unweighted	Partly Weighted
